- Enriched Body Cream
- Vanilla Body Oil
- Warming Ginger
- Bali Body Oil
- Kyoto Body Oil

MONUSPA Body Smoothie

Achieve a silky soft skin with a “Body Smoothie”

Treatment starts with gentle dry body brushing to eliminate surface dead skin cells.

MonuSpa Body Buffer is applied all over the body to gently but effectively further exfoliate.

Body Buffer is a gentle scrub containing papaya enzymes to brighten and balance skin tone. This powerful treatment scrub effectively prepares and nourishes, restoring hydration for soft and smooth skin and is ideal for pre and post holidays.

Shower with MonuSpa Conditioning Body Wash to remove products.

MonuSpa Enriched Body Cream is gently massaged into the body to reveal super soft smooth skin.

Enriched Body Cream is a rich indulgent cream to comfort and nourish the skin; containing essential oils of orange, lemon, geranium and rose, marine collagen to smooth and firm, cocoa butter to soften and protect and Vitamin E.

MONU SPA Body “SUPER Smoothie”

In addition to the above treatment procedure a full body massage treatment is given with your choice of MonuSpa Oil

Bali - Relaxing (sandalwood, lemongrass and rosewood essential oils)

Kyoto - Stimulating (geranium and rosemary essential oils)

Ginger - Warming (ginger, lemongrass and orange essential oils)

Vanilla - Calming (vanilla extract and a blend of citrus essential oils)
